

# FULL COLOR PRINTING & COPYING

Our services range from simple black and white copies to intricate color prints using our digital press.

## ABOUT DIGITAL PRINTING

Our digital press produces stunning, quality prints for small or large press runs. Digital printing minimizes labor and materials, and provides ample options for customization.

## 5 BENEFITS OF DIGITAL PRINTING

**FAST:** There is very little setup required, and our digital press can print multiple pages quickly.

**SUSTAINABLE:** Digital printers allow quick on-demand printing, and eliminate waste by forgoing the prepress stages of traditional printing.

**EFFECTIVE:** There are no minimum orders. You can order only what you need, as you need it, and update projects as often as you like.

**VARIABLE DATA CAPABLE:** You can customize individual prints to target specific people in the same press run.

**EXCEPTIONAL QUALITY:** Digital presses produce vibrant, high-resolution images with impeccable clarity that matches or even exceeds offset quality.

## Project Ideas to Print on our Digital Press:

- ▶ Newsletters
- ▶ Business Cards
- ▶ Brochures
- ▶ Announcements
- ▶ Flyers
- ▶ Greeting Cards
- ▶ Posters
- ▶ Annual Reports
- ▶ Direct Mail

**DID YOU KNOW?** We can help you brainstorm print product ideas for your next campaign, and can even design them for you. For assistance, please contact your Project Coordinator or call us at 801-581-6171.
